

## May 2011 Update

Since the successful vote on February, the High School Building Committee has been meeting every other Monday at 7:00 PM in the High School Library. Meeting dates are now listed on the website.

For those of you who are unable to attend meetings, a new feature to this website is the inclusion of meeting minutes. Please see a listing of all our [Building Committee minutes](#).

Recent Building Committee activities include:

- Development of “Communication and Project Control Procedures.”
- Changes in the [Building Committee membership](#).
- Approval of [“Local Hiring Outreach Effort.”](#)
- Reviewing ongoing details as they relate to landscaping and the general site plan.

Over the past month, the make-up of the committee has changed. The committee appreciates the efforts made by Martin Crowley, Ryon Pratt, George Samia and Peter Spagone, who worked tirelessly to move this project forward. The committee extends its sincere gratitude to each one of them for sharing their time and talents.

On April 14, the School Committee voted to name the new school “East Bridgewater Junior/Senior High School.” This decision reflects the new grade configuration and is based on tradition – the original East Bridgewater Junior/Senior High School is located on Route 18 across the street from the Library and is now used for senior housing.

All final documents relating to this project are available to the public for viewing at Central Office, 11 Plymouth Street, East Bridgewater. Please contact the office at 508-378-5956 with your request so the documents can be assembled and ready when you arrive.

Thank you for your support and continued interest in this project. Please visit the site again for regular updates.

Sincerely,  
The Building Committee
