- MSBA can put us on their Board agenda for acceptance into the model school program on May 26.
- Town would need to vote 2.4 million at June 7th meeting (No schematics would be needed, but this amount would take us up into construction docs)

- Positives and negatives of changing to the faster route were discussed.

Guest: John Clifford

Their message to the community right now is to come to the June 7th town meeting

After June 7th, the political action group will form and begin work

Discussion returned to the new option with the MSBA
